RE: **Shenzhen RAKwireless Technology RAK7268CV2-V** Open Development Certification

Dear **Ken Yu**:

Congratulations! On behalf of the Verizon Open Development team, we are pleased that you are participating in the Open Development Initiative. The **Shenzhen RAKwireless Technology RAK7268CV2-V**, under software version **2.3.1** and hardware version **Ver.B** with embedded module **Quectel Wireless Solutions Co Ltd EG95-NA** using module software version **EG95NAFBR05A06M4G** and module hardware version **R1.0** has been approved, hereinafter the "Approved Device", through the Open Development certification process.

Open Development is centered on driving innovation and providing customers with flexibility in wireless solutions. Most importantly, Open Development is designed to encourage the development community to create new products and services in addition to what Verizon currently offers. **Shenzhen RAKwireless Technology** can now market the Approved Device to operate on the Verizon wireless network. Our customers can now use these devices to support their business needs.

The Approved Device remains certified for the applicable category mentioned below provided it continues to satisfy the terms of the Certification Agreement between Verizon and **Shenzhen RAKwireless Technology**. No less than ninety days prior to the expiration of the certification term, **Shenzhen RAKwireless Technology** must submit the Approved Device for retesting and re-certification for the Approved Device to remain certified after the initial certification term. The terms of validity for device certification are as follows:

Conditions:

- 5G NR capable device: Certification lasts five years from the date of this letter if each device complies with a Firmware Over The Air (FOTA) upgrade.
- 'LTE' capable device: Certification lasts **five years** from the date of this letter if each device complies with a FOTA upgrade.
- 'Multimode' device: A multimode device that supports HD voice over LTE and complies with a FOTA upgrade will remain certified for five years from the date of this letter.

Thank you for choosing to have your devices certified via the Verizon Wireless' Open Development program.

Sincerely,

A handwritten signature in dark ink, appearing to read "Victor Marzarella", with a long horizontal stroke extending to the right.

Victor Marzarella
